

Anti-Bullying Policy 2022/23

Anti-Bullying Policy

Expectations

1 Statement of Policy

It is the policy of the Academy that all students are able to learn and develop their potential and all members of the Academy community can work, learn and develop without intimidation, fear, prejudice or bullying.

2 Key Principles

The key principles of the policy include:

- A clear definition of bullying for the whole Academy community
- To foster respect of oneself, and other staff and stakeholders of the Academy
- To support the development of all students' attitude and attainment
- To ensure all students feel valued and never threatened ensuring progress in all students' attainment, attitude and social, moral, spiritual and cultural development

- We are proactive in ensuring that all pupils are well informed via assemblies, circle time, RSHE/PSD, Art, Drama, English Literature, History and current affairs that bullying is unacceptable.

3 Other Policies

3.1 This policy should be read in conjunction with the following:

- Relationships Policy
- Safeguarding & Child Protection Policy
- Internet Use Policy

4 Definition of Bullying

For the purpose of this policy;

- “Behaviour by an individual or group, **repeated** over time that intentionally hurts another individual or group either physically or emotionally”
- In conjunction with the Academy’s student voice a student friendly definition may be used in literature and learning for younger year groups, such as; “Causing others harm on purpose, **a number of times**, when they are less able to defend themselves”

4.1 Bullying is therefore:

- Deliberately hurtful
- Repeated often over a period of time
- Difficult for victims to defend themselves against, mentally or physically

4.1.1 It can take many forms but the main types are:

- Physical - hitting, kicking, and taking belongings
- Verbal – name calling, insulting, making offensive remarks
- Indirect – spreading nasty stories about someone, exclusion from social groups, being made the subject of malicious rumours, sending malicious e mails or text messages on mobile phones
- Cyber-bullying, aggression using electronic forms of contact such as e-mail, text, chat rooms, social network, on-line gaming
- Coercion - forcing somebody to do something they do not want to do

4.1.2 Some forms of bullying are attacks not only on the individual but also on the group, to which he or she may belong. Within the Academy we will pay particular attention and respond appropriately to:

- Racial harassment and racist bullying
- Bullying based on religion or culture
- Bullying based on gender (sexist or sexual bullying) or sexual orientation
- Bullying based upon home circumstance e.g. young carers
- Bullying of students who have special educational needs or disabilities
- Bullying and intimidation of staff by students, parents/carers and staff

Bullying is not, therefore, the outcome of a spontaneously aggressive act of one individual upon another. Both the types of bullying and bullying based upon protected characteristics forms the basis of educating students, staff and parents on bullying issues including an understanding of key features of the Equality Act 2010:

- “To eliminate unlawful discrimination, harassment, victimisation and any other conduct prohibited by the Act”

- “To advance equality of opportunity between people who share a protected characteristic and people who do not share it”
- “To foster good relations between people who share a protected characteristic and people who do not share it”

7 Recording and reporting occurrences of bullying

7.1 Students reporting bullying

- Should always report suspected cases of bullying whether a victim, witness or supportive friend
- Students should inform staff immediately
- Students should report the facts as they know them and try to recall times and location and other students involved or who may act as a witness
- Where electronic evidence is available students should save the evidence to help the Academy investigate thoroughly

7.1.1 Parents/carers reporting bullying

- Should always report suspected cases of bullying through telephone or face to face contact. The Academy has an open door policy and staff will be always available to deal with concerns
- Where electronic evidence is available parents/carers should always save this evidence in order to aid staff in dealing with issues of bullying

- Prevent retaliation by their child

7.1.2 Staff reporting bullying

- Should report bullying issues to the relevant Year team recording times dates and names to aid investigation
- Should record the incident and make a confidential statement on the behaviour information system under the section bullying
Where there exists “reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm” the information would be passed directly to the senior designated safeguarding lead or designated deputy designated safeguarding lead

7.1.3 Investigating and reporting bullying

- The member of staff responsible for investigating the incident should collect all relevant evidence which will support the investigation, following the Academy system for more serious incidents
- This evidence will include separate statements from the victim and alleged perpetrator and any witness statements
- The evidence may also include staff or parent/carer statement, CCTV footage, medical report, evidence from previous related incidents and electronic evidence
- Where no staff have been witness to the incident the investigating staff will enter the event onto the behavior information system
- The investigating staff will ensure distinction between incidents of bullying and other types of incident for example a one off “fall-out” between friends
- Year Teams utilise a ‘red flag’ log to record one-off incidents which can then be referred back to should issues become repeated as this provides evidence of previous actions
- Year teams will complete a daily analysis of behaviour events, summarising all key aspects of the events
- If repeated actions are investigated the Year Team and/or Senior Leadership Team will apply sanctions after recording the event in the Sirius Academy West Bullying log

7.1.4 Using the information

- Where significant harm has been caused parents/carers will be informed

□

- Where there exists “reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm” the information will be shared in accordance with the local Safeguarding Children’s Board
- Where it is deemed that the level of bullying constitutes a criminal offence under the Protection from harassment act 1997, the Malicious Communications Act 1988, the Communications Act 2003 or the Public Order Act 1986 then assistance may be sought from the police
- With incidents of a racial or homophobic nature the Academy will involve PCSO support

8 Strategies for dealing with incidents of bullying

8.1 Sanctions and resolving the issues of those bullying

If necessary, the full range of sanctions detailed in the Academy’s Behaviour Management Policy can be invoked. In dealing with incidents of bullying special considerations should be made in sensitive cases regarding special needs or family difficulties.

Each incident will be treated on merit using all available evidence however sanctions will be consistently applied based upon the magnitude, type and frequency of bullying.

These may include:

- Parental/carer engagement
- Removal from the group
- Withdrawal of break and lunchtime privileges
- Same Day Detention
- Withholding participation in Academy events that are not an essential part of the curriculum
- Use of Restorative Practice
- Internal suspension
- External suspension, fixed term or permanent (this will depend on the severity or frequency of the bullying)
- Police involvement
- Resolution involving the Police Community Support Officer (PCSO)
- Referral to the Academy’s alternative provision team for individualised strategies

Where bullying persists the level of the use of sanctions will increase. Each event would be dealt with on the merits of that particular case but with regard for evidence of previous incidents relating to the investigation.

8.1.1 Educating those bullying others

These strategies will include:

- For those bullying with a prejudice-driven motive, they will also attend compulsory resolution involving the PCSO. In certain circumstances this may also include parents/carers
- A level of formal apology to the victims

In addition, these strategies may include:

Resolution meetings which may involve PCSO and/or parents/carers of victim and perpetrators

- Student resolution meetings between all parties
- Referral to external agencies, including the school nurse or involvement programmes ran in the Academy to support student behaviour

8.1.2 Work with students who have been bullied will involve:

- Referrals to Head of Year, where students will be offered regular contact via check-ins and also contact with parents/carers. The aim will be to re-assure and support victims emotionally during a set period which may be extended depending on need
- Possible work with the academy's **peer mentors or anti-bullying ambassadors**. (Peer mentoring qualifications are offered to suitable students to support all peers within the Academy including those involved in any forms of bullying issues. Mentors offer advice and support strategies that are in place to ensure that all students have multiple layers of guidance when required.)
- Affirmation that it is right for students to let the Academy know when they are being bullied and students involved are asked to help find solutions to the problem. This encourages students to take responsibility for the emotional and social needs of others
- Reassurance that they do not deserve to be bullied and that it is not their fault
- Assurance that they were right to report the incident
- Encouragement to talk about how they feel
- Attempts to ascertain the extent of the problem
- Choices offered about how the matter may be resolved including the opportunity to meet the other students involved

□

- To ensure they feel safe
- Ensure strategies for being safe are discussed
- Affirm that bullying can be stopped and we will persist with intervention until it does
- Commitment to this end is sought
- To report immediately any further incidents and to discuss strategies for dealing with any further incident
- Where the incident involves large groups it may be necessary to address the wider group on the need for vigilance and team work. This may be through assembly to a house group, to a year group or to a particular team, group or class

All reports of bullying are taken seriously and followed up. Every effort is made to resolve the problem as quickly as possible. Due to the distress caused the emphasis is also on communication and supporting parent/carers through the process.

9 Any or all of the strategies may be put into place by any of the following:

- Support from Learning and Engagement Teams
- Senior Leadership Team
- Multi agency response

10 Bullying away from the Academy site

10.1 The Academy has limited powers outside of school involving bullying. It will however use all of the powers made available to it when dealing with individual circumstances. All parties must be realistic about the Academy's powers. The Head of School and Senior Leadership Team will act upon bullying within granted powers outside of the Academy bounds.

Individual situations can be dealt with as per the policy, though it may also include:

- Increased education for students in awareness and dealing with bullying issues outside of the Academy
- Liaison with other schools
- Liaison with the transport company about bullying on buses
- Liaison with the police and community support where actions could be criminal or threatening

10.2 Parents and carers must be aware of the legal guidelines regarding young people and the use of social media. It is everyone's responsibility to keep children safe and prevent issues of concern. The diagram below states the age restrictions for the various types of social media:

11 Reporting concerns with procedure

There may be times when parents/carers feel that an incident of bullying has not been dealt with effectively. If this should occur, the following should happen:

- Parents/carers should bring it to the attention of the academy's leadership team
- The academy's leadership team tries to resolve these concerns informally
- Parents/carers may raise concerns more formally through the Academy's Complaints Procedure

12 Reviewing and evaluating the Anti-Bullying Policy

The impact of the Anti-Bullying Policy is evaluated by the following measures:

- The number of incidents that are reported are analysed on a termly and annual basis. The data is then interpreted by the pastoral team to formulate action points for the forthcoming term and year
- Daily and weekly data checks can monitor any change in prejudice driven incidents which can be responded to through tutor provision and assembly rapidly
- Investigation of patterns of absence to ensure that students are not taking unnecessary days off due to fear of being bullied

- The number of complaints and compliments received from parents will also be used to guide termly and annual planning
- All action points will lead to the review of this policy on an annual basis with the work done by staff, parents and students
- Parents/carers will be consulted on developments in anti-bullying procedure through various forms of communication. The Academy will make available to parents/carers materials to support and understand the issue of bullying and the Academy's drive to eradicate all forms of bullying

13 Key staff with responsibility for bullying prevention:
